

Teacher's Accreditation Program

The ACBL Teacher Accreditation Program (TAP) focuses on successful teaching techniques in a 10-hour, 3 session interactive course. The course includes hands-on experience and addresses the business side of teaching bridge. In 2007, the TAP was updated to address the changes in the teaching materials and expanded to showcase materials and ideas from a number of top ACBL professional teachers.

More information about the tap is available on the ACBL website: www.ACBL.org.

Your local area needs accredited bridge teachers to help with teaching all the new and returning potential players. The number of retiring people is growing. NOW is the time to catch them and interest them in bridge. Only by having more teachers in every area can we increase the number of bridge players.

District 4 is subsidizing this TAP, offering it at a discounted price of \$50 per person, instead of the usual \$125.

The TAP gives the participants the accreditation to teach anywhere with the full series of lessons available through the ACBL, and to say you are accredited to teach on cruise ships.

The TAP is offered in three sessions in Philadelphia during the Regional and World Bridge Federation Tournament. Two sessions on Saturday Oct 2 at 9:00 AM and 5 PM and the third session on Sunday Oct 3 at 7:30 PM so you can play bridge on Sunday if you wish.
